5. Rules and conditions to obtain the service:

1) Eligibility for Service

- The client must be a registered entity (e.g., manufacturer, distributor, or individual business) in the textile industry or related fields.
- A formal service request must be submitted through the provided channels (e.g., email, website, or in person).

2) Submission Requirements

- Samples must be properly labeled with essential details such as yarn type, count, fiber composition, and purpose of testing.
- A completed Yarn Testing Request Form must accompany all samples.
- Minimum and maximum sample sizes for testing must be adhered to as specified by the testing facility.
- Hazardous materials, if any, must be declared in advance.

3) Payment Terms

- Testing fees must be paid in full before the commencement of testing unless prior credit arrangements have been approved.
- Accepted payment methods include bank transfer, credit card, or any method specified by the testing service provider.
- Any additional costs incurred during testing (e.g., for retesting or additional samples) will be communicated and billed separately.

4) Testing Scope and Limitations

- Testing is conducted strictly based on the specified standards (e.g., ASTM, ISO, or the lab's internal standards).
- The testing facility is not liable for damages to the sample during the testing process.
- Results are valid only for the specific sample tested and do not necessarily reflect the quality of other batches.

5) Turnaround Time

- Standard turnaround time is [X] business days from the receipt of the sample and payment confirmation.
- Expedited testing may be available at an additional cost, subject to the laboratory's capacity.

6) Confidentiality

- Test results and client information will be treated with confidentiality and shared only with the client or their authorized representatives.

7) Responsibilities of the Client

- Ensure samples are packaged securely to prevent damage or contamination during transit.
- Provide accurate and complete information regarding the yarn and testing requirements.
- Comply with all relevant health, safety, and legal regulations while handling and submitting yarn samples.

8) Dispute Resolution

- Any disputes regarding test results must be reported within [X] days of receiving the results.
- The testing facility reserves the right to perform a retest on new samples if a dispute arises.

9) Cancellation and Refund Policy

- Cancellation requests must be submitted in writing before testing begins. Refunds, if applicable, will be processed based on the facility's cancellation policy.
- No refunds will be issued once testing has started.

10) Force Majeure

- The testing facility is not responsible for delays or failures to provide services due to events beyond its control, including but not limited to natural disasters, equipment failure, or governmental restrictions.

11) Compliance

- By submitting samples, the client agrees to adhere to these rules and conditions.
- Non-compliance may result in the refusal of service without liability to the testing facility.
